

MATSUMOTO

Designer: Claesson Koivisto Rune

“Matsumoto started life in the Japanese city of the same name as a coffee table in a ceramics showroom combined with a children’s bookshop. Now we have pulled the soft, rounded shapes of the base plate and table top closer to each other in these new variations of a laptop table and a coffee or side table. It makes the juxtaposition between the shapes even clearer.”

LB-631

Laptop table

Performance

Top in black or white stained ash veneer, white laminate F2274 or black desktop 4023. Pillar frame in black (RAL 9005) or white (RAL 9016) lacquered metal.

Surface treatment

Semi matt lacquer.
